

U.S. ARMY RESERVE

MILITARY OPERATIONS SPECIALTIES:

PETROLEUM SUPPLY SPECIALIST

WE SUPERVISE AND MANAGE THE STORAGE AND SHIPMENT OF PETROLEUM-BASED PRODUCTS.

WE SERVE

- ★ By providing petroleum to units in the field
- ★ By submitting petroleum samples to laboratories to test for contaminants
- ★ By inventorying, storing, and transporting bulk or packaged petroleum-based products to fuel military vehicles

WE ARE TWICE THE CITIZEN

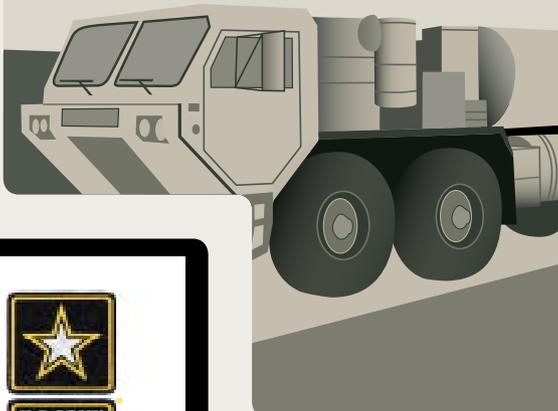

Equipped for civilian careers with:

- ★ Oil refineries
- ★ Pipeline companies
- ★ The fuel transportation industry

WE TRAIN

- ★ Basic Combat Training and Advanced Individual Training
- ★ Two weeks annual training

WE LEARN

- ★ To operate fuel equipment on the ground, and on trucks, airplanes, ships, and railcars.
- ★ To test oil and fuels for contaminants
- ★ To apply safety and environmental regulations to all Army fuel operations
