How to find a new TPU assignment

- The vacancy list is as good as the data. Once you get a lead, ask for other leads and opportunities. Work everyone you talk to for a new lead.
- LEADS are where you find the best opportunities.
- I advise not staying in a single UIC more than 24months. Start looking for a new opportunity at 14-18 months.
- LASTLY, If you are a Signal Officer, you need to look to serve in a UIC under the 335th Signal Command every 3-4 years. This is where you connect with Signal peers and leadership, which you can leverage throughout your career.

*** The slides attached (slides 12/13) are not a 100% accurate representation of all 335th SC (T) UICs, but an "80% solution." UICs and MTOEs are always subject to change based on the USAR's mission and structure.

Created by Jamie Delmolino on May 22, 2017 9:22 AM. Last modified by Jamie Delmolino on Jan 26, 2018 1:47 PM.

1. Attached is the weekly listing of all USAR primary vacancies.
changes made today can directly affect your unit vacancy advertis
Reorganization) are not used as a holding area for Soldiers. Units should also ensure upon any changes to AGR positions or other tenured positions those changes are immediately made within RLAS Position Maintenance module. Soldiers should be placed on the UMR in the positions they were contracted for even if 10-deep (overmanning is authorized per Full Court Press). REQUEST (USAR Recruit Quota System) is the system that accessioning agencies (USAREC/ARCD) use to man our forces.

2. Please keep in mind that the Army Reserve does not have as many structured vacancies as our current end strength objective requires so your units also have a fair share of overstrength (without incentives) and mobilization vacancies (with incentives).

3. Attached along with the Weekly USAR Wide Primary Vacancy list is a Powerpoint presentation explaining how to filter the spreadsheet to get the specific information you are looking for.

4. If you have any questions about your vacancies please contact the USARC G-1 REQUEST Team at (910) 570-8752/8121 or email at: usarmy.usarc.usarc-hq.mbx.g1-request-team@mail.mil.

5. If you are a Soldier looking for information regarding a specific position you can use the Army Reserve Career Counselor Locator at http://stayarmyreserve.army.mil/region_contact.htm.
