

PARTNERSHIP UPDATE

Give An Hour Partnership Supports P3's Mental Health Initiative

In support of P3's mental health initiative, P3 and Give an Hour have maintained a mutually beneficial partnership since 2015. Give an Hour is a national nonprofit that provides FREE behavioral health treatment to service members, veterans, and family members.

Recognizing that service members, veterans, and families often face unique challenges, Give an Hour strives to offer expanded services for the military community. The organization's staff works in tandem with military personnel to increase collaboration between Give an Hour mental health providers and volunteers, mental health associations, community organizations, coalitions, and employers.

Give an Hour has spearheaded several mental health initiatives, including their key initiative known as the [Campaign to Change Direction](#). The campaign works to change the culture around behavioral health by educating others about the Five Signs of Emotional Suffering (personality change, agitated, withdrawal, poor self-care, and hopelessness). It is important to know these signs to properly assist others with getting help.

Individuals interested in using Give an Hour's services should visit [GiveanHour.org](#) and fill out the provider form on the "Get Help" page. It is important to note that Give an Hour does not provide emergency services. Emotionally distressed individuals who are seeking immediate support are encouraged to call 1-800-273-8255 or text USAR to 741741.

MLB Network And P3 Team Up In Support Of Annual Apprentice Program

MLB Network, Major League Baseball's 24/7 TV network, and P3 have teamed up to give Army Reserve service members and veterans the opportunity to participate in the 2019 MLB Network Apprentice Program.

The program provides apprenticeship opportunities for individuals interested in pursuing a career in the television broadcast industry. Areas of opportunities may include Production, Studio Operations, Information Technology, Engineering, Creative Services and Media Management. The MLB Network team is looking for individuals who would like the unique opportunity to apply the skills they gained in the military while learning new skills as an apprentice.

The program will be held from February 2019 – November 2019, and the apprentice will generally work up to 36 hours a week in an immersive live TV environment. The program will be held in Secaucus, New Jersey, and the apprentice must live within commuting distance from the area (relocation assistance will not be provided).

Army Reserve service members and veterans who are interested in applying for next year's apprentice program, should email USArmy.USARC.OCAR.MBX.P3@mail.mil to request an application.

P3 SUCCESS STORIES

The P3 team is dedicated to accommodating the vast needs of our nation's veterans. The P3 Army Readiness Specialist (ARS) who covers Arizona recently assisted a transitioning veteran with finding a career opportunity that would accommodate the veteran's school schedule.

At the time of initial outreach, the veteran had recently relocated to Arizona to attend Arizona State University. To adequately assist the veteran, the ARS reached out to several P3 partner organizations to see if the companies had openings in the Arizona area. Through the ARS's efforts, the veteran was connected with Allied Universal. Ultimately, this connection led to a new career opportunity for the veteran, and he currently works as a security officer at Allied Universal.

The veteran expressed that he is extremely grateful P3 helped him find a flexible and great paying position!

P3's Army Readiness Specialist (ARS) in Fort Belvoir, Virginia recently assisted a veteran with finding a new career opportunity. The veteran was working as a government contractor, but the contract was coming to a close, and she had less than two months to find a new position.

The ARS assisted the veteran with creating civilian and government focused resumes and referred her to several P3 partner organizations. Due to the ARS's assistance, the veteran was able to find a new career opportunity before the contract ended. The veteran accepted a General Schedule (GS) position with the Department of Navy and currently works as a HR specialist.

The veteran has expressed tremendous gratitude regarding the ARS's support and describes her new career as meaningful and impactful!

P3 IS HERE TO HELP YOU!
