PRIVATE PUBLIC PARTNERSHIP

Private Public Partnership (P3) is an innovative program that has transformed how the Army Reserve and corporate America attract, develop, and retain talent. P3 focuses on fostering long-term partnerships with not-for-profit, for-profit, and academic organizations.

Through P3's partnerships, Army Reserve units and Soldiers gain access to unique opportunities that allow Soldiers to apply their expertise and leadership skills to real world projects that correlate with their military experience.

P3's extensive network of partners assist Army Reserve Soldiers, Veterans, and Family members with personal development and provide access to readiness and wellness resources.
